

The diagram consists of two ovals. The left oval contains the text 'source code:' followed by 'for key in fasta_dict:'. The right oval contains the text 'fasta_dict' and 'Read' on separate lines. This likely represents a mapping from source code to its components or a specific iteration within the code.

```
source code:  
for key in fasta_dict:
```

```
fasta_dict  
Read
```
