

source code:  
for i\_0 in range(2):

2

range(2)

```
graph TD; A(2) --> B(range(2))
```

The diagram illustrates the evaluation of the range function. It consists of three ovals. The top oval on the right contains the number '2'. A vertical arrow points from this oval down to a second oval on the right containing the text 'range(2)'. To the left of these is a larger oval containing the source code 'for i\_0 in range(2):'.
