

source code:
for i_1 in range(3):

3

range(3)

```
graph TD; A(3) --> B(range(3))
```

The diagram illustrates the evaluation of the range function. A vertical arrow points from the value '3' in the top oval to the expression 'range(3)' in the bottom oval, indicating that the value 3 is passed to the range function to produce the sequence of integers from 0 to 2.
