

source code:  
for i\_1 in range(3):

3

range(3)

```
graph TD; A(3) --> B(range(3))
```

The diagram illustrates the evaluation of the range function. It consists of two ovals connected by a downward-pointing arrow. The top oval contains the number '3', and the bottom oval contains the expression 'range(3)'. This indicates that the value 3 is the result of evaluating the range(3) expression.
